These boats are standard equipped and do not include the following.

- 2) Shipping, rigging, batteries or the Yamaha Extended Service (YES) contract
- 3) Options or upgrades can be purchased at Dealer cost
- 4) Sales Tax

In addition throughout the year members can purchase stock boats or boats ordered by November 1, 2008 from a participating authorized dealer at the time of sale and receive two addition benefits.

- 1) Cash Rebate from \$500 to \$1,875 based on model
- 2) 2 Year Yamaha Extended Service (YES) contract at no additional cost.

State Chapter members can also win additional money by winning qualified BASS Federation Nation events.

The State will also receive additional cash rebates based on member purchases throughout the year. Make sure that your dealer is aware of the program and gets all of the paperwork turned in on time to be eligible for all benefits. Yet your Chapter Director know so that they can report to the State President activity throughout the year.

Please direct any questions that your dealer cannot answer to me about any of programs listed above. Thanks to BASS and Skeeter/Yamaha for offering this program.
