Inflatable life vest indicators should be checked daily. Violation of this rule may be reason for disqualification. **Inflatable PFD's are allowed as long as U.S. Coast Guard regulations are met. The Coast Guard requires that inflatable PFD's must be worn at all times unless there is an equal number of non-inflatable Coast Guard approved PFD's on board.**

  - (i) Use of alcohol or the use of drugs (other than those purchased over-the-counter or prescribed by a licensed physician) by any competitor, during the official practice or during the tournament, will not be tolerated and shall be cause for automatic disqualification from this and all future Missouri B.A.S.S. Nation tournaments. No alcoholic

beverages or prohibited drugs shall be allowed in the boats during the official practice or competition days, or when in the weigh-in area.

(ii) Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of non-competitors who may be on tournament waters. Any act of a competitor, which reflects unfavorably upon efforts to promote fisheries conservation, clean waters and courtesy, may be reason for disqualification.

(iii) All competitors are bound by the prevailing statutes and regulations of the various states in which they fish. Competitors are responsible for research of fishing and boating regulations.

(iv) Chemical substance addiction or abuse, conviction of a felony or other crimes involving moral turpitude, or other conduct reflecting unfavorably upon efforts to promote safety, sportsmanship, fair competition and compliance with tournament rules, shall be grounds for rejecting any application for participation and/or for disqualification after circumstances are reviewed by the Tournament Director. Nation tournament, and/or disqualification from a Missouri B.A.S.S. Nation tournament, after circumstances are reviewed by the Tournament Director.

**9. TACKLE AND EQUIPMENT:** Use of grippers for landing bass is prohibited during tournament competition. During practice and competition no more than one artificial or biodegradable artificial lure may be attached to a line at one time. One lure is defined as a single manmade device designed to attract and/or catch one fish at a time. Adding trailer hooks, plastic trailers, blades, etc., to a single lure is acceptable. If multiple fish are caught on a single manmade lure, on a single cast, all fish are considered legal and may be added to the daily catch subject to scoring rules (16). No "live bait," "dead bait," or "prepared bait" will be permitted during official practice and competition, with the exception of pork strips or rinds. Any umbrella-type rigging, harness, or other device designed to hold more than one lure at a time – with or without hooks – is not allowed. Such rigging, harness, or device cannot be added to a single lure as described above. Traditional twin arm spinnerbaits or buzzbaits are allowed. Trailer hooks and plastic trailers must be on the main hook of the bait; only spinner blades can be affixed to the arms. The head on the main stem may be hinged. On these spinnerbaits or buzzbaits, no more than two wires, with a maximum length of 6 inches, may extend off the main arm or body of the lure. The "head and hook" portion of the lure must trail behind the blade or blades. Missouri B.A.S.S. officials have the sole authority to determine whether a lure is considered a single lure as defined above.

Only ONE casting, spin casting or spinning rod (8-foot maximum length from butt of handle to rod tip) and reel may be used at any one time. A hung or snagged lure that is not in or on the water is not considered in use and may be set aside while another is in use. Other rigs as specified above may be in the boat ready for use; however, only ONE is permitted in use at any given time. If a competitor breaks his line while setting the hook or retrieving a fish, he is allowed to make an attempt with the rod being used or with his hands to secure the visible line and land the fish for it to be counted as legal. He may NOT hook the line with another lure, rod and reel, or other device. Anyone guilty of snatching or snagging visible fish will have their catch disqualified. When visually fishing for bedding bass, to be counted as a legal fish, all bass must be hooked inside the mouth and must be verified by your partner before being unhooked. With the mouth closed naturally, you must not be able to see where the hook point enters the fish to be considered hooked inside the mouth. Competitors are allowed to share baits and tackle at all times with one another, including Competitors who have been cut from competition.

**10. HORSEPOWER REGULATIONS:** Maximum horsepower for all outboard motorboats used in official tournament practice and in tournament competition will be **250 HP**. Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat must have a U.S. Coast Guard horsepower-rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must **NOT** exceed the rating specified on this plate nor the horsepower maximum set by B.A.S.S. Each competitor agrees to submit, by their signature on the official entry form, the boat and outboard motor used in the tournament, to an inspection by factory-trained personnel, if there is reason to suspect the horsepower is in excess of the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor's engine to increase the horsepower over the factory horsepower rating, is forbidden and will result in disqualification. Falsifying information on entry forms, or altering the horsepower-rating numbers on the engine, is also cause for immediate disqualification from Missouri B.A.S.S. Nation tournaments. Posted speed limits and those imposed by the Missouri B.A.S.S. Nation must be observed and all boats must be operated in a safe manner. Violations of speed limits shall result in loss of competition hours and not limited to disqualification.

**11. BOAT AND MOTOR: These restrictions apply during official practice and competition.** For the safety of all competitors, all boats must be equipped with an approved type of operable ignition kill switch and lanyard. Only one manufactured lanyard may be used and it must be attached to the driver's body any time the combustion engine is operating and in gear. Any time the combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat. Fishing boats that are 16 feet or more in length may be used. Any raised platforms or decks cannot be higher than the gunnels of the boat. Standing on the outboard or seats while

fishing, is not allowed. An electric trolling motor may be used for slow maneuvering. However, trolling as a method of fishing is prohibited. The strolling or long line technique is only allowed with the trolling motor. No exceptions. All bladder tanks, and any other type of auxiliary gas tanks that are not installed by the boat manufacturer, are prohibited. Additional gas tanks that are factory options, installed by a manufacturer's authorized dealer, are permitted. Boats that do not have factory-installed gas tanks are restricted to a maximum of 18 gallons of gasoline, in tanks that meet U.S. Coast Guard regulations. Gas tanks must be properly secured or strapped in a boat. No portable gas tanks, or containers capable of holding gasoline, can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor. No "barges" or similar craft will be permitted. No boat equipped with "stick steering" shall be permitted to be used by any competitor. "Stick steering" shall be as defined by the Tournament Director. Jet drive engines are not allowed during both official practice and competition.

**12. BASIC BOAT EQUIPMENT:** During official practice and competition, every boat must have all required Coast Guard safety equipment and a functional bilge pump. During official competition, every boat must have live-well space, properly aerated, to adequately maintain alive, a limit catch of bass by both competitors using the boat. B.A.S.S. recommends livewells be maintained at full level and aerators/re-circulators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate. Pro competitors must make a back seat available for co-anglers each competition day.

**13. BOAT IDENTIFICATION:** Prior to each day's start, each boat **must** be given an inspection check by a tournament official. Each day, each boat may be given a number, which **must** remain with the boat. This number must be displayed upon the request of tournament officials, and at each check-in.

**14. BOAT OPERATION AND EXPENSE:** During competition, in pro-am type events, pros will fish from the front deck, co-anglers from the rear deck, NO EXCEPTIONS. During both practice and competition, Co-anglers are only allowed to drive (outboard engine) the pro's boat in emergency situations with the exception of loading and unloading from trailers. During official practice, co-anglers not practicing with a pro competitor, may practice, drive, and fish from the front deck of the boat. Any pro that, in the judgment of the officials, operates the boat in such a manner as to unfairly handicap their co-angler partner, shall be disqualified. At no time may a pro competitor request that the co-angler competitor not fish. **The cost of gas and oil for the competition days must be settled within your own team.** In Missouri B.A.S.S. Nation events where observers replace anglers as the official rider, observers cannot assist the competing angler in any way. Observers are not required to help with gas and oil expenses.

**15. PERMITTED FISHING LOCATIONS:** Tournament waters shall be established by the Tournament Director for each tournament. Each competitor must obtain this information from the Missouri B.A.S.S. Nation Tournament Department. Any water within these boundaries posted "Off-Limits" or "No Fishing" by state or federal agencies as well as the live-bass-release area established by the Tournament Director will be OFF-LIMITS and will be announced at the Tournament Briefing. Only that water open to ALL public fishing will be considered tournament waters. Waters deemed off limits by authorities or tournament officials should be treated like a wall. No boats or casting behind that boundary while fishing. All angling must be done from the boat. Competitors wishing to change fish habitat by placing any object in the tournament waters may do so if such action does not violate state or federal regulations. Prior to the tournament registration, any questionable areas must be brought to the attention of tournament officials to be considered tournament waters and may be announced in the briefing for all to hear unless determined otherwise by tournament officials. Tournament officials reserve the right to restrict or enhance tournament waters based on conversations with local authorities. **SPORTSMANSHIP: "Partner's should honor each other's water and demonstrate integrity and good sportsmanship at all times. This means if you want to fish your first day partner's water on the second day, please have the courtesy to discuss this with him and come to a mutual understanding.**

**16. COMPETITORS MUST REMAIN IN BOAT:** During the competition days, competitors must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Competitors must leave from and return to official checkpoints by boat. Both competitors must remain in the boat at all times, except in case of dire emergency, or with permission from the Tournament Director. Exceptions spelled out in rules 7, 16, and 19. In such an emergency, or with permission of the Tournament Director, competitors may be removed from their boat, either to a boat operated by other competitors, or a rescue boat designated by the Tournament Director. Partners must remain together at all times, in sight of each other and each other's catch, under the conditions cited above, in order for their catch of that day to be scored in the tournament. In the event of a needed restroom break or refueling situation at a marina gas pump, contestants are allowed to leave the boat, at which time all fishing must cease until partners are back together in the boat. If a competitor violates any of the above conditions (to contact a tournament official by phone or other means, or to report an emergency or breakdown), both competitors must cease fishing at this point and their catch must be verified by a tournament official in order to be counted in the tournament. If, after the

emergency situation is resolved by tournament officials, and enough time is left for the competitors to resume fishing, a **restart** will be allowed, the competitors will continue, and their catch will be counted. This applies only to dire emergency situations as determined by the Tournament Director or his/her designee. Towing boats on trailers during tournament hours is prohibited, except by the direction of tournament officials. Competitors are allowed to leave the boat to retrieve a lure. All fishing by that competitor must cease until back in the boat before making another cast.

**17. OFFICIAL CHECKPOINTS:** There shall be only one official check point for check-out in the morning, and one official check-in point in the afternoon, which points shall be designated at the tournament briefing. Failure to go through boat check and check-out in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of check-out, all competitors and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers described in Rule 11 and proceed immediately to the designated weigh-in area. Partners must stay together, through the weigh-in process if both are weighing bass. Once bass are bagged for weigh-in, anglers that are not weighing bass do not need to accompany their partner through the weigh-in process.

**18. SCORING:** Tournament standings, contingency awards and final winners shall be determined by the pound-and-ounce weight of each competitor's catch during the competition days of the tournament. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass will be weighed. The Pro limit shall be 5, Co-angler limit shall be 3, of the above species and varieties per day, unless otherwise specified by tournament officials (example – hot weather/fish care concerns/championship events). At no time shall a competitor have in his or her possession more than the tournament limit. If a competitor determines they have over the limit they must immediately reduce his catch to the tournament limit with a live bass of their choice from their catch. Each returned bass will result in a 2 pound penalty to be deducted from their daily score. In this case, competitors must attempt to notify tournament officials and if unsuccessful must notify officials at check in. Once a competitor checks in they must present all legal bass to tournament officials at the verification table. If competitors at the verification table have more than the tournament limit, the competitor will reduce with live bass to the tournament limit and each returned bass will result in a 2 pound penalty to be deducted from their daily score. If a competitor has his fish verified, weighed and upon returning to the boat discovers additional fish over the tournament limit that were not presented to officials; he then must notify tournament officials within one hour of final flight check in to receive a 2 lb. penalty for each bass discovered. The official length for bass shall be determined by the Tournament Director and announced at the Tournament Briefing. In most cases it will be the longest state limit covering the tournament waters. Only bass as described above which measure the official length or more on the longest straight line, shall be weighed. Bass presented for weigh-in, which fail to measure the official length, shall result in a penalty of 1 pound for each such bass, which penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled or otherwise altered will be weighed and credited only at the discretion of tournament officials. After competitors check in at the official checkpoint they **MUST** present all **LEGAL** fish in their possession to a tournament official to be counted, measured and weighed. Once a competitor's catch is measured, counted and verified by a tournament official, that competitor may not return to the boat until their catch has been weighed and recorded. Bass must not be stringered at any time during the tournament. Culling tags or clips are allowed. Specially designed bags which increase survival rate will be furnished by the Tournament Director and must be used for the weigh-in.

**19. CATCH AND RELEASE: CULLING OF DEAD BASS IS PROHIBITED.** For each legal dead bass presented to weigh-in officials, the competitor shall be penalized 4 oz. to be deducted from their daily score. Competitors are allowed to ice a dead fish that is part of their daily catch. The Tournament Director, or his/her designees, shall have sole authority for assessing penalty points. In addition, the Tournament Director, or his/her designees, may reduce tournament hours or tournament limits for fish care purposes. It is suggested in warm weather tournaments anglers keep extra ice for fish care. Contestants are allowed to purchase ice on the water; however they are not allowed to receive ice from non-contestants. Upon mutual consent of both pro and co-angler paired together, for fish care concerns, the verification table will open one hour prior to check in time of the first flight. **SMALL DIP NETS FOR CULLING PURPOSES ARE ENCOURAGED.** It is recommended competitors keep all bass in live wells during the culling process. Placing bass on the boat carpet during culling is not advised. Non penetrable culling clips are recommended. Proper fizzing technique is suggested when needed. For instructions on acceptable fizzing practices please contact tournament officials.

**20. LATE PENALTY:** Competitors who are not at the official check-in point, as described in Rule 15, at the appointed time, shall be penalized at the rate of one pound per minute late; to be deducted from the total weight of his/her catch that day, including any weight to be counted toward a "big bass award". Any competitor more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness, and in no case, shall a competitor be allowed to make up "lost time." After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After

the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the Tournament Briefing. It is each competitor's responsibility to confirm check-in times each day on the daily pairings.

**21. TIES:** Ties will be resolved in the following order: (1) individual with heaviest single day catch during competition; (2) if the tie is not broken, the next tiebreaker will be the individual with the second heaviest single day catch during competition; (3) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal fish weighed during competition; (4) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal live fish weighed during competition. Ties for any cut in the Pro and Co-angler division will be resolved in the same order explained above and if the tie is not broken, will be awarded as determined by tournament officials.

**22. PAIRING OF COMPETITORS:** Two competitors will be assigned to each boat. Pros may be paired with pros, and share time. Pros may not fish alone. Announcement of your first-day fishing partner will be made at the Tournament Briefing, which **must be attended, except with permission from the Tournament Director**, by each competitor. It will be the responsibility of each partner to appear at a mutually agreed upon location, with sufficient time remaining to check out at the official checkpoint and start on time. Tournament officials shall have no responsibility for finding missing partners. The Tournament Director, at his/her sole discretion, may reassign partners prior to the morning take-off. It is suggested that a minimum of 30 minutes is required for preparation to depart to the check-out point. When two competitors check out at the beginning of the day, they must stay together and within sight of each other and each other's catch, throughout the day, until the weigh-in is completed, except in case of dire emergency or exceptions (see Rule 16, 17 & 19). A competitor must not allow any bass caught by them to be counted on the score of another competitor. In such a case, both competitors shall be disqualified from this tournament and from all future tournaments conducted by BASS.

**21. WITHDRAWAL:** "Any contestant who must leave the tournament should make every effort to report to his team captain and or the tournament director before 5:30 am of the fishing day. Any contestant who leaves the tournament without just cause and without notifying their team captain and or the tournament director before 5:30 am on the contest date shall cause a one year suspension in that contestant's eligibility to fish the Missouri B.A.S.S. Nation State Championship. Example: not being on fish or catching fish the first day, a contestant decides to not fish the next day. This is not deemed "Just Cause" and this would result in the one year suspension penalty. The Tournament Committee will make the decision."

**22. AWARDS:** Awards shall be of merchandise and or trophies only. There will be no individual cash awards presented other than the big bass pot/s. Trophies shall be for big bass of each day's competition, and 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup>, 9<sup>th</sup>, 10<sup>th</sup>, and 11<sup>th</sup> places for boaters and non-boaters. Merchandise prizes shall be determined by the President, Vice President and Marketing Director.

**23. PROTEST:** Protest must be submitted in writing to the Tournament Director within 15 minutes after the weigh-in is closed. The Tournament Committee will make all decisions.

**24. WAIVER AND RELEASE:** As a condition of participation in each tournament, each competitor must execute a waiver and release of liability, and a name and likeness release.
